Translated Excerpts of the Test Report Ref No: WR2018B03B00002

This translation shall only state information related to Wind Loading that is within the Test Report. All other information has been left out given it is irrelevant to the information request.

Page 1/5

Testing Facility and Certification Body: National Research Centre of Testing Techniques for Building Materials

Test Specimen: High Speed Spiral Door

Test Report No: WR2018B03B00002

Test Certification Date: January 19th 2019

Test Carried Out According to Following Standards:

GB/T 7106-2008 Building Materials: Windows & Doors – Air Permeability, Water Tightness and Wind Loading Class Grading

Test Results: The following product has been certified to the following grading –

(1) Air Permeability:
Positive Pressure meets GB/T 7106-2008 Class 5
Negative Pressure meets GB/T 7106-2008 Class 5

(2) Water Tightness:
Meets GB/T 7106 -2008 Class 2

(3) Wind Loading:
Meets GB/T 7106-2008 Class 9

Page 2/5

The table refers to the detailed results of the testing. Item 1, 2 and 3 refers to Air Permeability, Water Tightness and Wind-loading, while Item 4 and 5 refers to heat and sound insulation.

No.	Scope of Testing	Testing Criteria	Test Results	Class Grading
3	Wind Loading	Under the condition where $P_3 \geq 5.0$kPa, the test specimen shall not display signs of damage	When surface deflection reaches 1/375: Deformation: $+P_1$: --kPA, $-P_1$: --kPa Repeated Pressure: $+P_2$: 3.0kPa, $-P_2$: -3.0kPa Grading Results: $+P_3$: 5.0kPa, $-P_3$: -5.0kPa	Class 9

INTRODUCING OURSELVES
EXPERIENCE, BELIEFS AND PASSION

Established in 1957, SKB by name of SKB Shutters and SKB Storage manufactures and supply roller shutters, steel doors, storage and handling systems and customised architectural facades including high performance windows, louvers, foldup doors, high speed doors etc.

SKB Shutters Corporation Berhad, a holding company of SKB Shutters and SKB Storage Industries, is listed on the Bursa Malaysia in 2001. The headquarters, showroom and manufacturing plant is located in Kota Damansara, Malaysia and spans approximately 50,0000 square metres wide.

PRODUCTS, WORKFORCE & MARKETS
DRIVEN BY DESIGN AND PEOPLE INNOVATION

One of the largest roller shutter and steel door manufacturer in ASEAN region, SKB Shutters specialises in high performance shutters including Pathwinder lateral sliding shutters, horizontal shutters, steel-based insulated fire-rated shutters with 4 hours integrity and thermal insulation as well as blast resistance doors and insulated fire-rated steel doors.

With a workforce of over 280 employees, SKB manufacture and supply both locally in Malaysia and abroad including *Singapore, Vietnam, Indonesia, Thailand, Bangladesh, Sri Lanka, India, Philippines, Australia, and many more.*

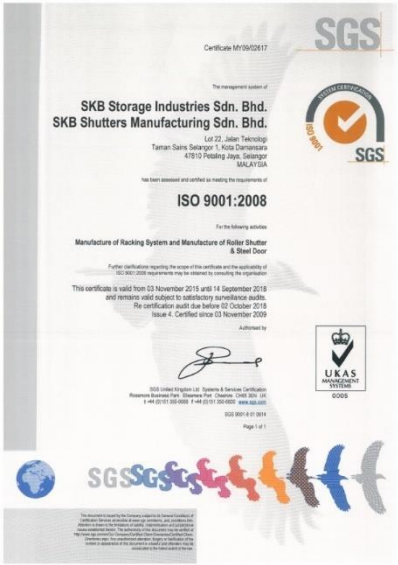

The information presented in this powerpoint shall not be circulated for public sharing and shall only be used as a reference by Lendlease and its related companies. All information is deemed private and confidential and shall not be reused, reproduced or replicated for other purposes other than the subject matter and the purpose of producing this document as suggested in the title of the document.

ACCOLADES&CERTIFICATIONS
RECOGNITION FOR PERFECTION & INTEGRITY

SKB is also a Licensed Manufacturing Warehouse (LMW) in Malaysia and is certified as a **ISO9001:2008** and **UL-Listed manufacturer**. SKB is also awarded 10 years consecutively for the **President Awards** and **Sustainable Brands Award** by The BrandLaureate Asia Pacific since 2007.

To gain a competitive edge to supply to both local and export clienteles, SKB tests its products to internationally recognised or country-specific standards to comply to local and international best practices in world-renown laboratories.

SKB roller shutters and steel doors are tested to **Malaysia Standard, British Standard, Singapore Standard under Tuv Sud PSB and UL requirements** for fire integrity and/or thermal insulation and for performance products, the JIS for integrity and cyclic test.

INDUSTRY ACHIEVEMENTS
CONTINUOUS ENHANCEMENT & INNOVATION

1997 MITI Industrial Innovation Award for Pathwinder Sliding Design Fire Shutters by Malaysian Prime Minister

1998 MITI Industrial Product Excellent Award for Vision-7 Transparent Shutters

1999 Selangor State Excellent Product Award for Overall Product

2000 Selangor State Excellent Product Award for Keyless Window Security Shutters

2000 Enterprise 50 Awards

2000 International Invention & Innovation Award for Keyless Latch Design Window Shutters

2002 Global Best Product Golden RIM Award

2002 Global Successful Enterprise Golden RIM Award

2007-2013 SMEs Best Brands Awards in Asia Pacific Award for Roller Shutters

2007 MITI Industrial Innovation Award for Overall Products

2014 President Awards for Best Brands in Asia Pacific Award for Roller Shutters and Steel Doors

2015 Platinum Brand Awards for Best Brands in Asia Pacific Award for Roller Shutters and Storage Systems

2016 Sustainable Brand Awards for Best Brands in Asia Pacific Award for Roller Shutters and Storage Systems

New Product Award by Archidex for Insulated Fire Rated Shutters

2017 Certified by SIRIM QAS International's Certification Panel.

2019 Prominent Business Award 2019 for Signature Brand Award

2020 The Star-Standard Chartered Export Excellence Silver Award

MANUFACTURING PLANT CAPACITY & CAPABILITY

HIGH PRECISION AND AUTOMATED SOLUTIONS

Over 60 years of experience in bending, roll-forming, laser-cutting and other precision manufacturing capabilities, SKB is often seen as an overseas strategic OEM partner in related industries. We invest significantly in advance and precision-focused tooling and machineries to ensure the manufacturing process is less subjected to human error and aims for high precision and accuracy for quality control and assurance.

The manufacturing plant also houses 2 powder coating lines dedicated for SKB products only. As it emphasises on quality control and presentable finishing, SKB works with reputable powder manufacturers including Akzo Nobel, Axalta and Jotun to ensure the adhesion and product protection is optimum.

The yearly plant capacity averages between 9,000-10,000 roller shutters and steel doors, all fully manufactured in the Kota Damansara plant.

(left) One example of the advance manufacturing facilities invested by SKB is the robotic welding arms which ensures strength of joints are rigid and covered with consistency and quality-controlled finishing. It also significantly reduces human error in production quality.

For more details of sales revenue, audited financial statements and reports, please refer to the *2015/16 Annual Report* publicly made available on our website – www.skb-shutters.com or Bursa's Annual Report Publication site.

AUTOMATED STORAGE RETRIEVAL SYSTEM

SKB STORAGE, PALLETLOCK
RELIABILITY
EFFICIENCY WITH STRENGTH

Every component of the SKB PalletLock system has been designed and engineered to fit the most stringent design criteria and international standards, namely the SEMA (Storage Equipment Manufacturing Association) standards. SKB emphasize on safety in both manufacturing the storage racks as well as taking in consideration user requirements. From light duty shelves to heavy duty pallet racking catered for small storage facilities to large scale warehouses, SKB Storage maximises space utilisation and operation efficiency via meticulous studies of layout mapping and product suitability.

With the increase trends of quick product turnover and instantaneous logistic requirements, semi-automated and fully automated warehousing solutions are in demand. The SMART*SAT* Radio Shuttle storage handling system is a hybrid of traditional storage retrieval methods and advanced technology that would increase efficiency and space utilisation in the warehouse. By reducing the equipment aisles and extending bays and deeps, the SMART*SAT* Radio Shuttle is a reliable option for intermediate wrehouse extensions and expansions .

The SKB Storage racking and handling systems includes S5 Modular Shelving System, *EasySlide* Mobile Rack, Boltless Racking, Two-Tier Boltless Racking, Selective Pallet Racking, Multi-tier Shelving System, Structural Steel Platform, Double-deep Pallet Racking, VNA (Very Narrow Aisle) Pallet Racking, Drive-in Pallet Racking, Cantilever System, Pallet Flow Rack, Push Back Pallet Racking, Longspan Shelving, Raised Storage Systems and DIY Speed Rack

STEEL PRODUCTS OEM SERVICES
60 YEARS EXPERIENCE IN STEEL MANUFACTURING

SKB has vast experience in OEM services for manufacturers and suppliers from t he USA, Canada, Japan and Europe. With more than six decades experience in steel products manufacturing, SKB has been commissioned to manufacture on behalf for industries such as office equipment, fittings and furnitures, storage systems, custom-spec doors, steel sheet façade many more. Our clienteles includes largest German-based Storage Systems and Handling Equipment manufacturer, US-based Office Workspace Design, Seating and Furniture supplier, Australian-based Door manufacturer. These OEM engagements also means SKB is able to adhere to results-based reporting, cost tabulation analysis as well as low rejection rates in manufacturing to meet customer's requirements.
